PRESIDENT'S MESSAGE

Pulkit Desai

We are getting ready for the summer season, and thanks to a few current and past board members, we are working to open the beach for summer 2022. We are at the tail end of the hiring process and ensuring that everything that needs to be done, is. We will provide a complete status regarding the beach at the June board meeting.

We are working out the logistics on the distribution of membership badges and parking tags. An announcement was sent the end of May about boat tag pickup, those are available for pick up now. Membership Badges will be available at the Clubhouse on Mondays, Wednesdays, and Fridays and the times will be announced mid-June.

MEMBERSHIP BADGES

All Premium and New Basic members will receive all new membership badges. Previous members who have chosen to remain Basic can keep your old badges. If you did not pick up your membership badges last year you must do so this year, as we will be creating a security team to enforce LPPOA

rules and regulations addressing unlawful parking and vehicle towing and member validation.

Badges will be provided to all household members of the property- owner/s on the deed. Specifically, this means immediate family members plus their children living with them, 12 months a year.

PARKING TAGS

Most members have parking tags from last year, every member received 2 per property with a 2021 date on them. You will receive 2022 stickers during badge distribution. New members will receive same tags but with the 2022 sticker on them. Basic members from last year, can retain their membership badges but if they want to park on LPPOA property they will need 2022 stickers and should pick them up from the Club House. Once again will be start towing cars from LPPOA properties if you do not have a valid parking tag.

*We will provide a complete status regarding
the beach at the June board meeting.*

*President's Message (Cont.)***PROPERTY MANAGER – JIM MCCANN**

Jim will be on-site for the summer between the hours of 8am-4pm every Monday/Wednesday/Friday. FSR is working with our Tech Team to setup communication distribution (email blast) and a new way to process events. What we have seen so far looks promising. We hope to have this in place by end of June.

ELECTIONS

We are looking for people to be on the Election Committee. Their job is to help conduct our annual election in terms of process, who to contact, mailings, validations, candidate night etc. Please get involved. Reach out to me or Jim McCann our property manager for further information.

SEASON PASS

Premium members will have the option to purchase either daily Guest Pass for \$5 each or a seasonal Guest Pass for \$50, which can be used for additional family, friends not living at the address. Whenever a guest pass is being used, the

property owner must be with the guest, guests cannot go to the beach by themselves. Premium members are the only ones allowed to buy Daily and Season Guest Pass for Non-Resident members and Basic member.

A premium member can buy a guest pass for the following people in these categories.

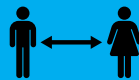

- Non-Resident Guest
 - is a friend who does not own a property in the OPT visiting you for a day, week, months.
 - is a relative who does not own a property in the OPT visiting you for a day, week, months.
- A Basic member who is a resident and a member in good standing.

The following people cannot buy any type of beach guest pass.

- Basic members who waived their rights to access the beach; they cannot buy any type of guest pass.
- Any resident member who is not in good standing.

President's Message (Cont.)

To recap – Basic or Premium members this year can only use their badges for people living in their household. We expect an honor system for Basic members and we will be putting in place a process to randomly check people on LPPOA property and confirm that they are Members of the association in good standing.

In closing you have heard me reminding everyone that the board members are and have always been,

volunteers with families and full time jobs. This is not a paid position. We do this for you, for our community. Countless hours go into doing things that you do not even see. Some things will take time to change and some changes are not readily apparent, so while we will take your constructive criticism please keep in mind what the board members are doing for you. Alone we can do little, together we can do so much! Volunteer and help us all make a difference.

EDITOR'S NOTE

Marilyn Ammirata

June is finally here! It's the beginning of summer and time for us to enjoy, but to also ramp up our safety awareness. June is National Safety Month, and this year is the 25th anniversary of the event that started in 1996.

June was initially established as the National Safety Month in the US because the need for increased awareness of the health and safety risks during summer months for both work and home was recognized. However, I'd like to just talk about summer swimming safety tips.

Keeping everyone safe around the water must be our top priority because of potential threats in and around the lake or any body of water, drowning is the 5th leading cause of unintentional injury death in the US. Ten people die from drowning in the US every day, and of those 10 drownings, two are children aged 14 and younger.

Some safety tips to remember:

- Parents-be actively involved with your child. Keep them in sight at all times.
- For public/lake swimming, swim only in designated areas where there are lifeguards.
- Always swim with a buddy.
- When swimming in our lake, provide close and constant attention to children, even though there are guards present, always watch out for the safety of your own children.
- Never ever leave a young child unattended near water and do not trust a child's life to another child.
- Teach your child to always ask for permission to go near water.
- Do not rely on the use of water wings, swim rings, inflatable toys or other items designated for water recreation to replace adult supervision.
- Enroll in age-appropriate water orientation and learn to swim courses. There are many courses available. Enroll your child!
- Boating safety-remember, EVERYONE wears a life jacket, regardless of swimming ability, on any boat.

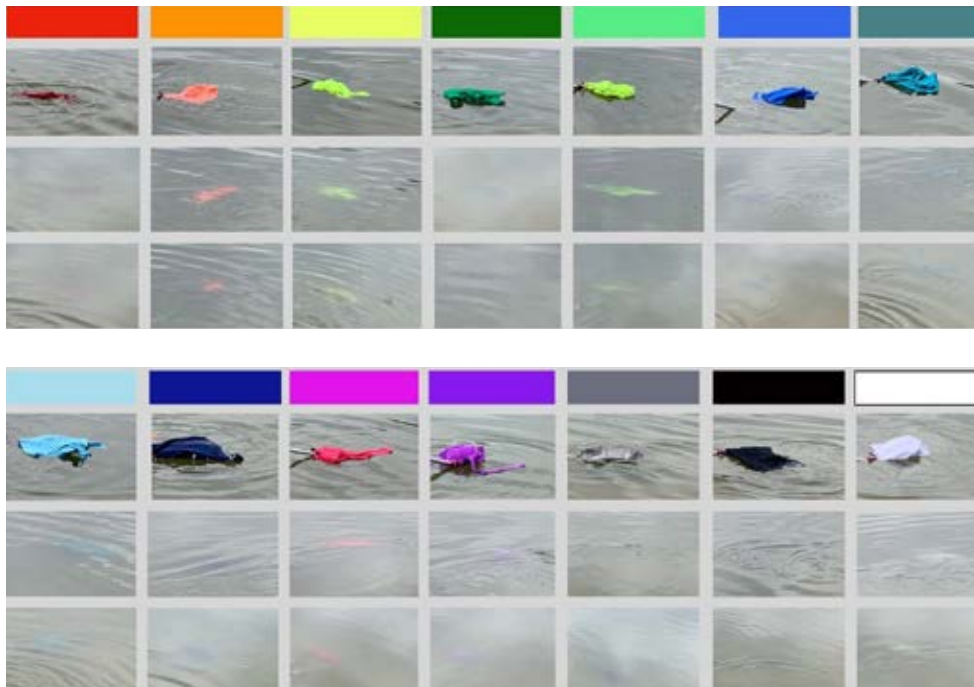

Here's to a happy, safe, and fun filled summer!

June is National Safety Month

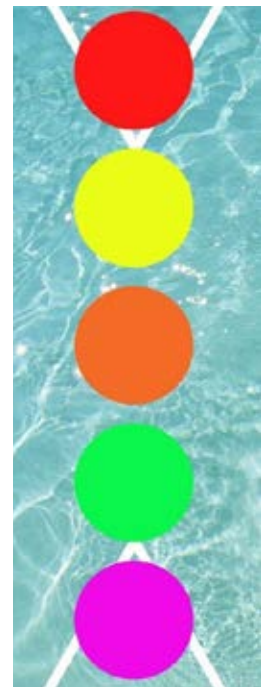

THE COLOR OF YOUR CHILD'S SWIMSUIT COULD SAVE THEIR LIFE

Jenn DeStefano

May was officially 'water safety month' but this should be continued during the summer months here in Lake Parsippany. Please see the infographic and water test results that show the colour of your child's swimsuit matters! When shopping for new suits this year look for BRIGHT/NEON colors. Think yellows, reds, bright pinks and bright blues. Remember, no life jacket, flotation device, swim lessons or bathing suit colour should ever replace adult supervision of our children around water.

THE WOMEN OF THE COPPER COUNTRY

Did you know that a major copper mine was located in Michigan?

This month we read *The Women of the Copper Country: A Novel* by Mary Doria Russell. This story takes place in 1913 in Calumet Michigan, in the Upper Peninsula.

‘The Copper Country, it’s called—written and spoken with capital letters’.

You will never think of copper the same after reading this book. Copper is in cooking pots, coins, buttons, candlesticks, roofs, ships, indoor plumbing, telegraphs and telephones. In war time, it’s used in all sorts of ammunition and equipment.

But in 1913 what was the true price of copper?

Early in the book we meet James MacNaughton, the general manager of Calumet and Hecla. Recognized as an early user of scientific industrial management, particularly time and motion studies, he minimizes wasted time and motion to maximize efficiency and productivity. In 1913 Calumet and Hecla is the worlds largest copper mining company.

Calumet and Hecla built itself into a copper mining colossus. From 1868 through 1886, it was the leading copper producer in the United States, and from 1869 through 1876, the leading copper producer in the world.[5] From 1871 through 1880, Calumet and Hecla turned out more than half the copper produced in the United States. In each year save one between 1870 and 1901, Calumet and Hecla made most of the copper produced in the Michigan copper district.

Book Club (Cont.)

As we read, everything starts out sounding good-profitable mine production, a company town with churches, a theatre, library, hospital, bowling alley, banks and restaurants. Out of all the mines, Calumet and Hecla treat their people pretty well.

But then we also meet Anna Klobuchar Clements, at 6'2" she is known as 'Big Annie'. Representing the women that help support the miners. We begin to see the REAL details of this harsh life.

Anna "Big Annie" Klobuchar Clements

'Calumet girls become wives. Calumet boys become miners.'

Annie has been making pasties since she was 6 years old. A pasty is a mixture of meat, potatoes, rutabaga, carrots and onions wrapped in a crust made of flour and lard. '.....Cornish turnovers, for pasties are a filling meal that can be eaten out of hand and will stay warm for hours underground if wrapped properly'. The men, some of them

just boys, need all the nourishment they can get. 'Sixteen times each day, six days a week they shovel a ton of broken rock into a car and then push it along iron rails to the elevators. In union mines out west, mules haul the ore trams. In Michigan, immigrants are cheaper than livestock'.

Once we meet Annie, we see the struggle, the stress, the danger, the anticipation - every - single - day - wondering will my husband/father/brother survive the mine today? Annie calculates that by the age of 25 she has been to about 1000 funerals! After yet ANOTHER death, Annie and her immigrant neighbors, speaking approximately 33 languages, decide that something has to change. They begin organizing and working together to try to change conditions by striking.

'Women who now refuse to tell another generation of children, This is all you can hope for. This is all your labor is worth. This is all your lives are worth'. Mother Jones, (yes she is a real person!) a prominent union organizer, community organizer, and activist, made an appearance in Calumet at age 77! She was known for shouting 'Pray for the dead and fight like hell for the living!'

This is a fascinating time of history and generated discussion. This place and time period planted the seeds for future change and the evolution of unions. The author really did her research and gave what felt like an authentic portrayal of what they might have been thinking. Peppered with real facts and quotes from these historical figures we certainly came away enlightened. The book was fiction and a few of us were surprised to find out which characters were real and how much of this tale was very true!

The true price of copper was an extremely high.

THE TEAM PREPARES

Practices are ramping up as the team prepares for upcoming events. The Jersey Thunder women's team (Breast Cancer Survivors and their supporters) will be competing at the June 4 Independence Regatta in Philadelphia. Over 80 from around the Pennsy and Jersey region will be participating. Our Co-ed crew will start their Thursday/Saturday practices in June. The Pink Lightning BCS womens' sessions are on Monday and Wednesdays.

We have a Fund raiser Golf Outing planned for July 7 at the Great Gorge Golf Club for \$125. Includes a round of 18holes, breakfast munchies, burgers, and beer. Spots limited - this represents our first fundraiser, so we are keeping this small. Interested golfers should complete this form: <https://forms.gle/XvJu333oJ1JK6A3q7>

EVENTS

The Lake Parsippany Fishing Club announces their newest officers to their executive team: Tim Brennan as VP and Kevin Glenn as Warden who join Tony Suprum (Treasurer) and Ellen Law (President).

TAGGED TROUT UPDATE

So far NONE of the Lake Parsippany Tagged trout has been snagged! Lots of prizes still available!

GOOD FISHING KARMA - as briefly reported last month, the first tagged trout of the year was caught on April 24 by Alex Kopec. He is the

youngest in recent memory to ever catch a tagged trout. This trout was purchased by Tony Suprum in memory of his Dad, Tony Sr, who passed away earlier this year. Tony's dad would often be seen fishing with his good fishing

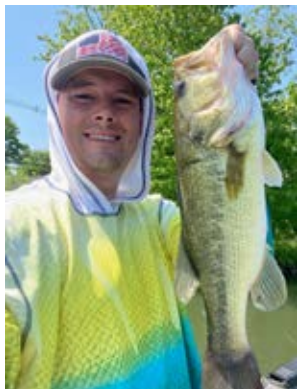

buddy, and grandfather Fred Kopec. Alex caught this trout at the spot where his grandfather, along with Tony Sr would often fish. Cool, huh?

JOIN OUR FUN GROUP

The LPPOA Ladies Club continues to meet every third Thursday of the month at the clubhouse or a member's home. Our club welcomes all LPPOA members in good standing to participate in our fun and fulfilling activities.

In May we held a Wreath Decorating fundraiser that was a huge success. We had fun, made something beautiful for our homes and raised

money for some upcoming community projects.

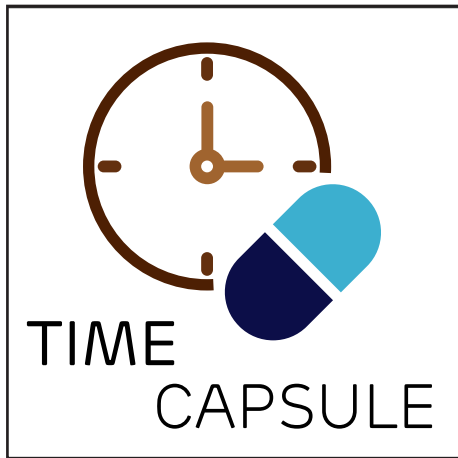

Check out the PHHS website to learn how to apply for the \$500 scholarship award we are offering to a deserving senior who is a LPPOA member in good standing.

The Ladies Club will have a table at the LPPOA Flea Market on Saturday, June 4th. Come visit us, meet some of our members and learn about our club. While there, take a guess at the number of candies that are in a jar and win a nice prize. We will have two jars, one for adults and one for children. Come check out the prizes on display and take a guess...IT'S FREE.

Please consider joining our fun group and give back to the community at the same time. Bring your energy and your ideas and join us in making things happen while making new friends. Our LPPOA Ladies Club has been in existence for more than 80 years. We must be doing something right.

For information please reach out to Maureen at meomaster@verizon.net

THE AQUADUCKS

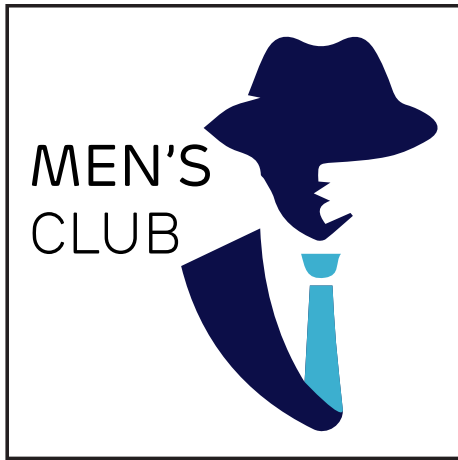

The Lake Parsippany Swim Team mascot the Aquaduck was used in the early 1960's thru the 1990's before being retired. I recently came into possession of a 2ft x 3ft poster from a past swim team member and coach. It gave me the opportunity to have it scanned into a digital file and share with our members who haven't seen it in a while and some who have never seen it before.

The Aquaduck was retired when some of the local lake teams were becoming too small to compete against larger teams in the Hub Lakes League. Six lakes decided to join and form a more competitive team named PIRATE. The name is derived from the six combined lakes that form the team. Lake Parsippany, Lake Intervale, Rainbow Lakes, Lake Arrowhead, Lake Telemark, and Estling Lake.

If you have some history of Lake Parsippany or old pictures that you would like to share, please email lppoa.history@gmail.com

VISITING HEROES FOR MEMORIAL DAY

The recent article published in the May News & Views about the servicemen who lost their lives during WWII and had Lake Parsippany beaches dedicated in their memory had a profound effect on all of us. Two of these brave men have headstones in a NJ cemetery and the Men's club decided to visit each site. From the pictures published, we noticed that the headstones needed a little TLC.

Edward T. Hoffman was declared missing in action, lost at sea and is memorialized at Beverly National Cemetery in Beverly, NJ located near Philadelphia.

Walter C. Joerges is buried at Hollywood Cemetery in Union, NJ.

The men's club visited both sites, cleaned and decorated their headstones proudly with The United States Flag for Memorial Day.

If you are interested in joining, please Contact:

INITIAL PLANNING MEETING UPDATES

The all-new "Craft Club" met for the first time on Tuesday, May 5th. We had a great turnout for our initial planning meeting. Many great minds came together and shared what they would like to see from "our" club.

Some of the possible crafts planned are "String Art" with a lake, sailboat or summer theme. Some of us would like to learn knitting or crocheting, so we talked about learning how and supporting our soldiers by donating wool hats to them.

One of the members stated that she "enjoys" doing the crafting however does not have the extra room for the creations or someone to give them to. Another member thought perhaps the creations could be donated, many ideas were bounced around regarding this.

We plan to invite someone to teach us how to crochet Flower coasters this summer!

Other great ideas were:

- Quilling
- Mason Jar Art
- Quilting
- Scrapbooking
- Card Making
- Basket Making
- Candle making or candle oil creation

We plan to have a "swap table" for those many unfinished projects and extra supplies some of us may have at home and a "borrow table" for those new crafters interested in trying something new but not having the equipment, supplies to try it out.

We will also be creating a craft/idea calendar where seasonal themed crafts will be scheduled.

Our next meeting is June 28th @ 7:00 pm at the Clubhouse

Please join us! Even if you don't 'craft', come out with us and let's get to know each other and have some fun!

We will be setting up a Google Group for our email correspondence.

To be added to the list please send an email to JennDeStefano99@aol.com

Subject line: LPPOA Craft Club

Please include your Name, Cell #, Email.

SPRING HAS SPRUNG!

Spring has sprung! Our flowers are growing and blooming and becoming "candy" for our eyes.

As you travel around our lake you will see how nice the gardens look with the addition of some colorful pansies, petunias and the new mulch which was spread. The recent rainy days have helped encourage our new flowers to bloom.

We gardeners have been weeding, pruning and raking to make our shores even prettier.

We would like to invite all members of the lake to join the club regardless of your level of membership, meaning FULL or Basic. Come to our meetings and share your gardening ideas with us. We would like to meet with you.

For membership information please contact Joan at 862-325-3976.

STRAWBERRY JELLO PLAY DOUGH

MATERIALS

- 3 cups plain / all-purpose flour (more flour than usual as the Jello changes the mixture – have some extra in case you need more)
- 1 cup salt
- 1 1/2 cups Jello liquid
- 2 tablespoons oil
- 2 tablespoons cream of tartar

PROCESS

This strawberry Jello play dough recipe smells like sweeties and lollipops! The recipe makes a great textured dough which, added to a tray of loose parts, can turn into an afternoon of fantastic creative play.

1. First make the Jello according to the packet instructions – Have your child help open the package not only is it great fun it is also perfect for practicing scissor skills.
2. Make the playdough: Mix it all together in a large bowl to form a dough, and you're ready to play One of the great things about play dough is that it's such a versatile material that anyone, of any age, can play and create with it.

If Strawberry is not your thing you can use any other kind of Jello for a variety of colors and smells.
